UNION PACIFIC'S NEW DEAL

Financial Changes Report its Control of Morgan's St. Paul Stock.

OTHER GREAT CHANGES IN WESTERN LINES

Marriage Interest Said to Have Sold Its Northern Pacific Holdings to the Morgan-Hill Party.

CHICAGO, Oct. 11.—(Special Telegram.)

It was reported in financial circles today that J. Pierpont Morgan, in order to settle the Northern Pacific dispute, had given up his interest in St. Paul to the Morgan-Hill party and that a combination of the latter two and Northwestern and possibly other lines would be the result.

St. Paul and Union Pacific were the most active stocks in the list on the strength of this proposition, each being traded to the extent of about 130,000 shares. St. Paul made a net advance of 7 points to 166 and Union Pacific moved up 2 1/2 to 100 1/2 at the close of the market.

SALT LAKE ROAD PROMISED

Extension of Burlington to Connect with Senator Clark's Road is Said to Be Assured.

CHICAGO, Oct. 11.—The Post today says: Positive and authoritative confirmation has been given of reports that the Burlington will extend its lines from Guernsey, Wyo., to Salt Lake City, Utah, to connect with the San Pedro, Los Angeles & Salt Lake Road. The line will be built by an independent company, but the route of it will be indirectly allied with the Burlington. For all practical purposes the new line will be part of the Burlington system and there is no doubt that it will be incorporated in with the parent company ultimately. It is also likely, though a more distant prospect, that Senator Clark's road will come into the Burlington family.

RAILROAD PASSES RENEWED

They Are Not to Be Abolished Next Year's Day as Had Been Threatened.

CHICAGO, Oct. 11.—Railway passes will not be abolished December 31. The plan to wipe them out of existence was killed at a meeting here today of the executive officials of western roads. They will meet again November 5. When the vote of it was taken on the question of abolishing passes nearly all the big roads voted in the affirmative and all the smaller roads voted against it. The majority against abolishing passes was decisive.

Every Exertion a Task

There is failure of the strength to do and the power to endure; a feeling of weakness all over the body. The vital functions are impaired, food does not nourish, and the whole system is run down. A medicine that strengthens the stomach, perfects digestion, invigorates and tones is needed.

What Hood's Sarsaparilla did for Mrs. L. B. Garland, Shady, Tenn., it has done for others. She took it when she was all run down—without appetite, losing flesh, and unable to do her work. It restored her appetite, increased her weight, and made her well and strong. This is her own unsolicited statement.

Hood's Sarsaparilla Promises to cure and keep the promise. The earlier treatment is begun the better—begin it today.

PROMOTION FOR NEBRASKANS

Senator Dietrich Urges It Upon the Deputies at Washington.

WYOMING CENSUS CLOSELY ANALYZED

Omaha and Des Moines Postoffice Shows Gains in Receipts—Various Notes of Western Interest.

WASHINGTON, Oct. 11.—(Special Telegram.)—Senator Dietrich has been busy today. He had hardly reached Washington when he had mapped out a program of procedure that would take in all the departments and ascertain exactly just what had been going on in the interests of his constituents during his trip to the Philippines. He was called upon by the postmaster general, the director of the census, the secretary of the interior and the secretary of the treasury. Yesterday he had interviews with the acting secretary of state and with the Department of Justice.

GOOD MEETING IN THE FIFTH

Mayor Moore Declares for Republican Ticket and Others Speak Along Same Line.

The Fifth Ward Republican club held a rousing meeting last night at Young's hall, corner of Sherman avenue and Corby street. Nearly 100 voters of that ward attended the meeting and listened to the speeches of enthusiastic republican leaders. Mayor Moore was the chief speaker of the evening. "I'm for the republican ticket from top to bottom," the mayor declared in opening his address. "No man is better qualified to lead the great republican party named candidates than I am. My friends and supporters are for the ticket which the republicans of Douglas county have named. Some of the men on the ticket are not the men I want there, but I have no grievance. I shan't sulk, and I hope that every republican in the county will rally to the support of the ticket."

WYOMING'S POPULATION

The total white population is given as 87,011, the native whites numbering 72,469 and foreign whites 14,542. The total native population is 75,116 and the foreign element 17,415, the former being 81.2 per cent of aggregate. The total colored population of 2,459 is made up of 940 negroes, 461 Chinese, 393 Japanese and 1,466 Indians.

CHICAGO, Ill., Oct. 11.—George Dolinski, convicted of murder, was hanged here today.

The crime for which Dolinski paid the penalty was the murder of his brother-in-law, Anton Lisie, a year ago. Dolinski became infatuated with Mrs. Lisie, who was his wife's sister. That his clandestine wooing might not be interfered with, Dolinski sent his wife on a visit to her parents in the old country. November 2 the men met in a pasture north of Irving park. When the police found Lisie's body there were four bullet wounds in it and the throat was cut. Dolinski was arrested but declared that he and Lisie had quarreled about money matters and that he had been compelled to shoot his brother-in-law in self-defense. The evidence against Dolinski, while mainly circumstantial, was sufficient to convince the jury that murder had been killed by Dolinski with her infant, hurried back across the Atlantic and arrived in Chicago only to discover the real state of affairs. She did not abandon her husband, however, but did all in her power to aid him. She visited him in jail yesterday and when she learned that the supreme court had refused a grant of supersedeas, she fell in a faint. Dolinski made his last confession to Father Rapuz yesterday and spent the night in a barber chair, alternately dozing and gazing at his image in a mirror.

HUNTINGTON HAS ANOTHER AMENDMENT

Proposes that Deputies Be More Discriminating in Barring Separated Marital Partners—Missionalary Bishops Elected.

SAN FRANCISCO, Oct. 11.—The question of marriage and divorce was before both houses of the triennial convention of the Episcopal church of America today. The bishops adopted a substitute for the proposed canon 37, providing for the discipline of persons marrying again after being divorced. The principal change made by the substitute is the provision that such person may receive the sacrament on the written consent of a bishop. The house of deputies began the eagerly awaited debate on section 4 of the proposed canon 35, which virtually prohibits the remarriage in 15—burch of divorced persons. The discussion will be continued on Monday. The only vote reached today was on a proposed modification of Dr. Huntington's amendment providing for the termination of the cause of divorce in the case of a divorced person applying to be married. This was defeated.

TEACHERS' TROUBLES

A TRYING OCCUPATION FOR WOMEN WITH DELICATE NERVES.

The Hard Work Entailed by the Charge of a School Room Often Causes the Health to Break Down

Teaching school is an occupation which has many attractions for cultured women. But it also has many drawbacks and often affects their health seriously. Especially is this so in the case of women with delicate nervous systems and those with a tendency to pulmonary troubles. Miss Mary K. Powers of Ellsworth, Wis., is a teacher whose health was broken down by the hard work which the charge of a large school entails. She says: "During the winter of 1898, while teaching school, I became subject to nervousness, which grew worse until my whole system was run down. My back ached, and at times I was so dizzy that I could scarcely stand. My limbs were swollen and always tired, so that I felt no more rested in the morning than when I went to bed. I was also troubled with a cough and the food I ate did not strengthen me. This condition, accompanied by palpitation of the heart, kept up for several months. Until in March, when I read about Dr. Williams' Pink Pills for Pale People in a Juneau, Wisconsin, newspaper.

"I began taking the pills and in about a week I noticed a change for the better. I felt so encouraged by this improvement that I kept on taking them until I had used three boxes and was entirely cured. I always keep Dr. Williams' Pink Pills by me and I take them occasionally when I feel the need of a tonic.

"I believe firmly in the good done by Pink Pills for Pale People and have advised many of my friends to use them."

The pills which cured Miss Powers are not a patent medicine, but a prescription used for many years by a eminent practitioner who produced the most wonderful results with them, curing all kinds of weakness arising from a watery condition of the blood or shattered nerves, too fruitful causes of almost every ill to which flesh is heir. Acting directly on the blood and nerves, these pills have proved a help to women, invigorating the body and regulating the functions of the exhausted system.

They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, neuralgia, rheumatism, sciatica, etc., and a help to women, invigorating the body and regulating the functions of the exhausted system.
